## Experience

### Program Coordinator

ReThink Green — August 2021 - Present

- Assisting the Program Director with the facilitation of reThink Green's growing climate change mitigation and adaptation programs Green Economy North and Smart Green Communities. Supported member organizations and businesses with setting and meeting carbon and waste reduction targets through engagement, research, capacity building, planning, and internal technical support.

### Communication Assistant

Clean Resource Innovation Network — May 2021 – July 2021

- Developed and executed CRIN's communication strategy, assisting the Communications Director with event support, video editing, graphic design, communication planning and crafting member and sector profile pieces.

### Research and Teaching Assistant

Laurentian University — September 2020 - July 2021

- Co-author of "[Constituting good health citizenship through British Columbia's COVID-19 public updates](#)" in *Health*.
- Transcribed, compiled, and thematically coded 10 months of Bonnie Henry's public addresses; conducting extensive rhetorical analysis.
- Assisted with the preparation for and facilitation of Rhetorical Principles (ENGL2546) for Prof. Philippa Spoel.

### Volunteer Coordinator and Communications Assistant

Black Lives Matter Sudbury — July 2020 - Present

- Co-chair of the Police Free Schools task team, leading ongoing research project exploring community sentiment towards police presence in Greater Sudbury schools.
- Coordinating internal volunteer communications and logistics.
- Executing various tasks required for events and communication planning like digital content creation, community outreach, and minute-taking.

### Founder and Director

Greater Sudbury Community COVID-19 Response and Relief — March 2020 - September 2020

- Founded, organized, and oversaw the efforts of the team, a mutual aid volunteer collective committed to providing material aid and support to those self-isolating or unable to access essential household items, food, prescriptions, etc. during the COVID-19 pandemic.
- Delivered groceries and/or donated goods to 150+ families.

## Education

### Science Communication (M.S.Com)

Laurentian University 2020 - 2021

Completed Major Research Project titled "[Phronêsis in the Face of Uncertainty and Changing Knowledge: A case study of how Dr. Henry constructs credibility and engenders trust during COVID-19](#)"

- 9.90/10 GPA

### Sustainability, Science & Society (BA&Sc)
